ABOUT US

ABOUT NHF

Nisa Help Foundation (NHF) is a platform to help underprivileged kids of Pakistan by providing them academic education through our deserving teachers who also need money for their future education or support their families.

We provide our students with:

- Stationery
- Curriculum and Writing books
- School uniform
- Other School Supplies
- Healthy Snacks during Class Timings

HOW WE WORK

TEACHERS SELECTION:

We search and identify those university students and stay home mothers who need income to continue their further education or to support their families. The teachers are selected through screening process run by NHF management.

STUDENTS SELECTION:

NHF students are identified by our teachers in their neighborhood or are referred by family, friends and people in their network.

STUDENTS ASSESSMENT:

If student passes his/her academic assessment, then our students are enrolled in local private school otherwise proceed to our tuition centers.

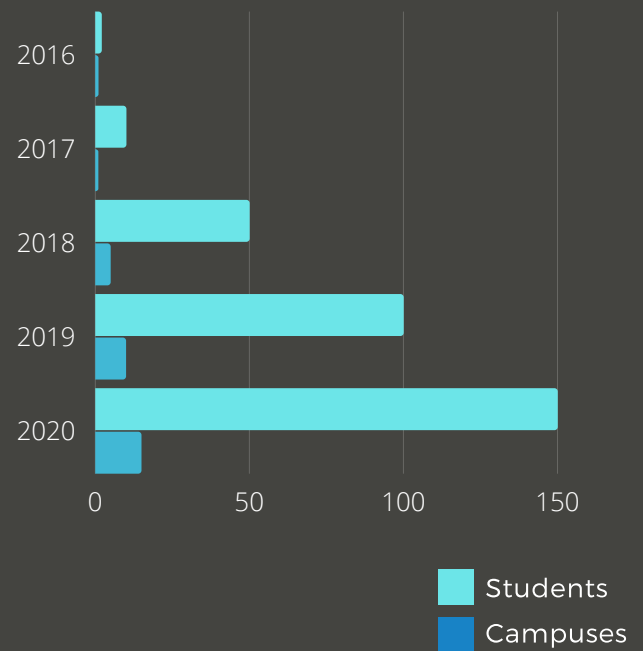

A YEAR OF GROWTH

SCHOOLS

We're very humbled by the number of children and their families we have been able to help thanks to our supporters. In 2020 NHF helped operate 25 schools and further 75 students along their education.
